

## From idea to reality

After many years of experience in design, distribution and sale of lighting products and technologies, MIIC has always been at the forefront of innovation and development of lighting solutions for hotels, commercial and residential high-tech spaces in collaboration with some of the most important interior design companies.

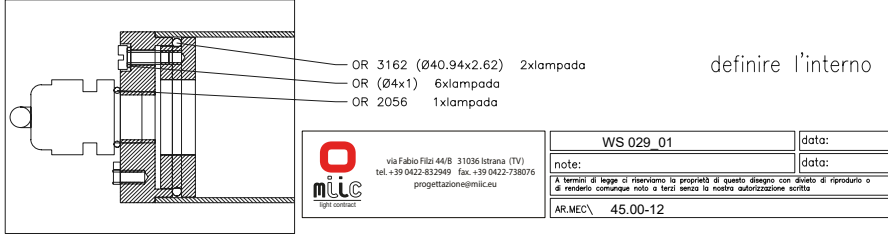

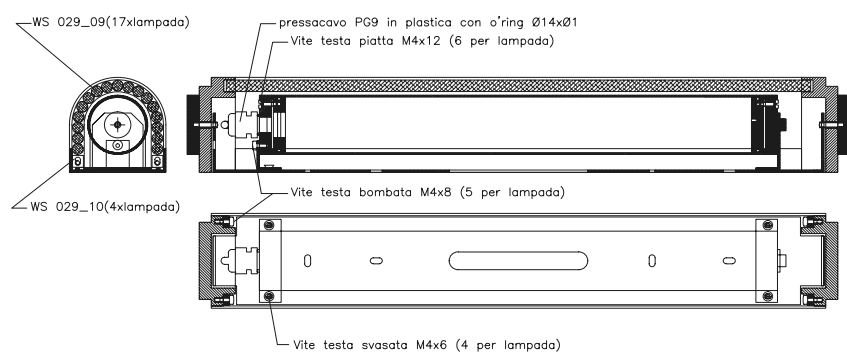

To satisfy any type of request, MIIC offers customized products made using a wide range of materials including metal, glass, wood and fabric, making unique lighting perfectly integrated in any architectural project.

We always pay the utmost attention to detail, finishes and the use of high quality materials and cutting-edge technologies aimed at offering low energy consumption and low maintenance. MIIC is the perfect partner for customers who demand the maximum in the realization of their lighting projects.
